

STUDI INDEPENDEN BERSERTIFIKAT

LARAVEL 8

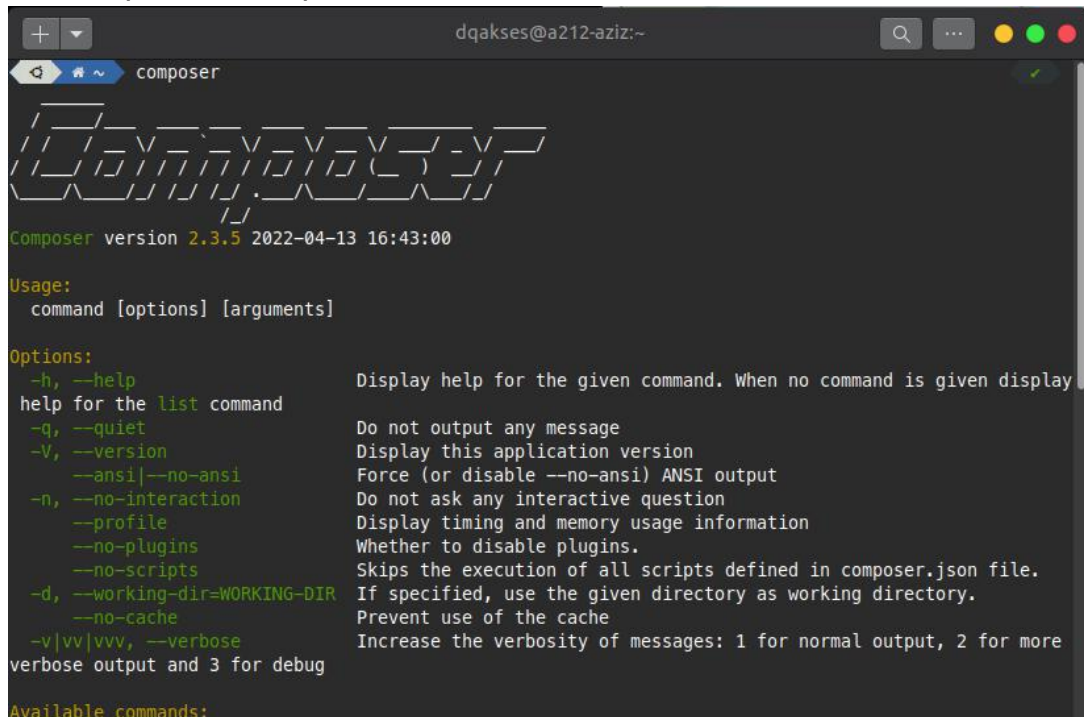

NIM : 0110219010

NAMA MAHASISWA : ABDUL AZIZ

KELOMPOK : 1A

**AKADEMI FULLSTACK WEB DEVELOPER
2022**

1. Install Composer untuk dependensi software php :
* Cek apakah composer sudah terinstall di PC kita.

```
composer

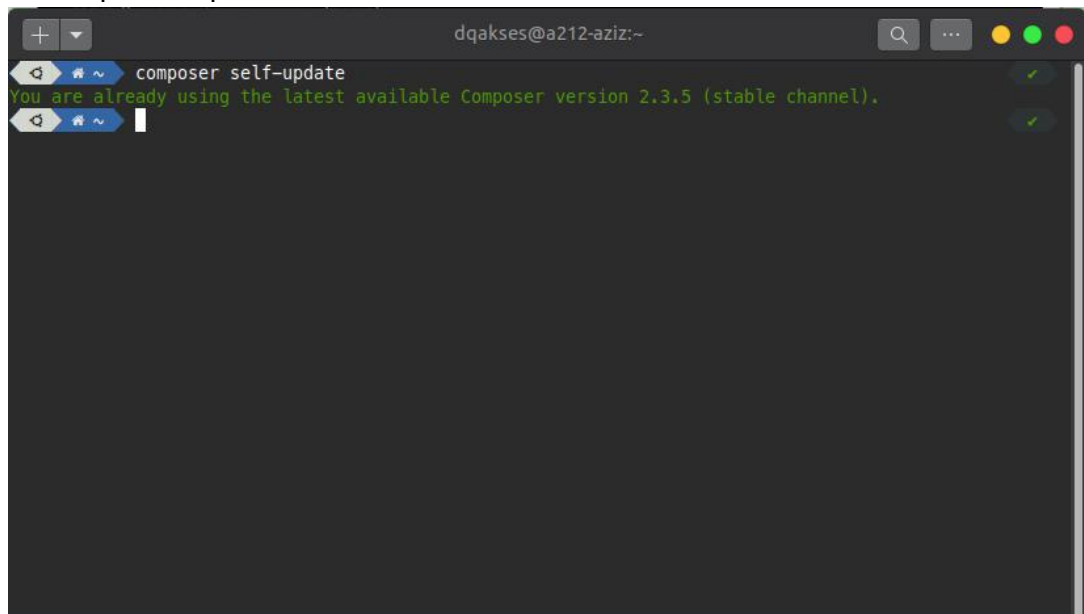

Composer version 2.3.5 2022-04-13 16:43:00

Usage:
  command [options] [arguments]

Options:
  -h, --help                Display help for the given command. When no command is given display
                             help for the list command
  -q, --quiet               Do not output any message
  -V, --version              Display this application version
                             --ansi|--no-ansi       Force (or disable --no-ansi) ANSI output
  -n, --no-interaction      Do not ask any interactive question
                             --profile              Display timing and memory usage information
                             --no-plugins          Whether to disable plugins.
                             --no-scripts          Skips the execution of all scripts defined in composer.json file.
  -d, --working-dir=WORKING-DIR If specified, use the given directory as working directory.
                             --no-cache            Prevent use of the cache
  -v|vv|vvv, --verbose      Increase the verbosity of messages: 1 for normal output, 2 for more
                             verbose output and 3 for debug

Available commands:
```

- * Composer update versi terbaru

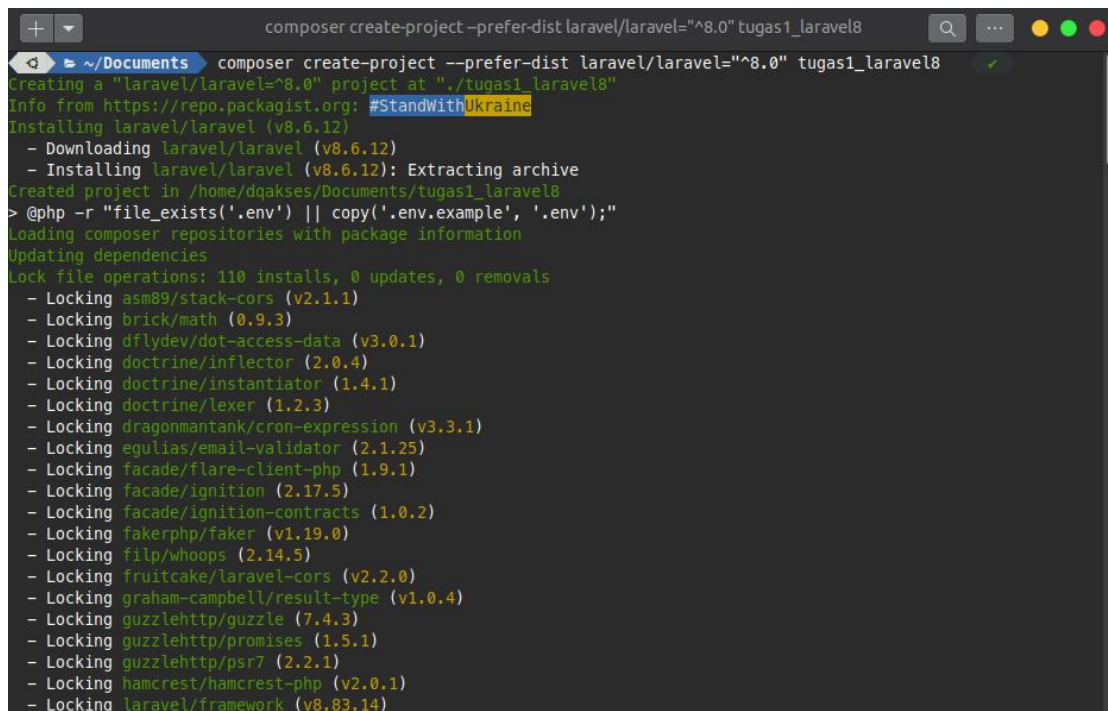

```
composer self-update
You are already using the latest available Composer version 2.3.5 (stable channel).
```

2. Install Laravel versi 8, dengan nama aplikasi: tugas1_laravel8 :

Buka Terminal :

* `composer create-project --prefer-dist laravel/laravel="^8.0" tugas1_laravel8.`

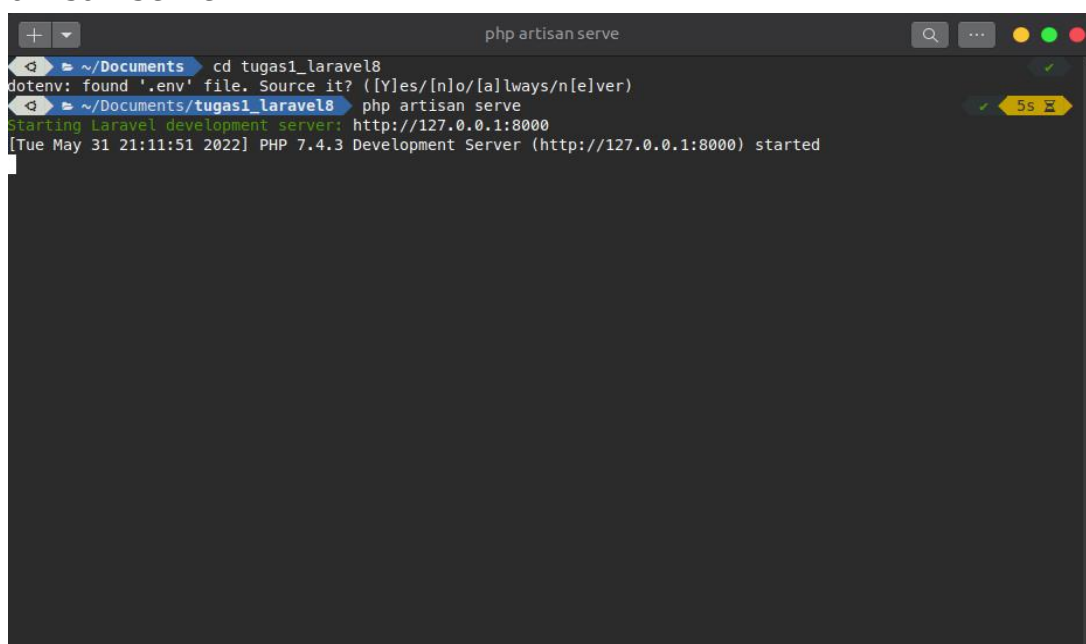

Maka otomatis akan mendownload project aplikasi Laravel melalui internet.

```
composer create-project --prefer-dist laravel/laravel="^8.0" tugas1_laravel8
~/Documents composer create-project --prefer-dist laravel/laravel="^8.0" tugas1_laravel8
Creating a "laravel/laravel:^8.0" project at "./tugas1_laravel8"
Info from https://repo.packagist.org: #StandWithUkraine
